SEEKING VISIONARY VOLUNTEERS

LAYFP Volunteer meeting PAJARITO ENVIRONMENTAL EDUCATION CENTER

Join us for our first volunteer meeting for the Los Alamos Youth Food Project.

We will brainstorm ideas, projects, and our collective vision for the LAYFP—and map our way forward as we head into our spring/summer GROWING SEASON. Come learn about the myriad opportunities within the Los Alamos Youth Food Project — from helping build/create the garden infrastructure, planning fundraiser dinners and events, school outreach (classroom activities and teacher trainings), coordinating or facilitating community workshops, to planting and fostering seedlings for our community garden spaces.

- Share your ideas, vision, expertise
